Senior Product Designer who created a design system.

Experience

Techcombank (TCB) • Senior UX Designer

Jan 2024 - present • Hanoi, Vietnam

Administrated a core design team and led its Mobile platform to deliver a centralized Design System across 5 banking platforms. Delivered a unified library of tokens, themes, components, & templates for digital products, which drive consistency & faster product delivery. Conducted workshops & established adoption standards to ensure cross-team alignment.

Developed UI concept & build a cohesive UI kit for Techcombank T-Shop — a POS app tailored to Techcombank merchant users. Collaborated within a team of five designers to streamline user flows & UX.

Redesigned the workflow for priority relationship managers through an AI-powered project, elevating UX for high-value (Priority) banking clients. Presented storytelling prototypes to the CDO & stakeholders to align vision & execution.

Applied quantitative research, card sorting, and benchmarking to revamp the TCB Business web-app layout with reusable navigation components—improving usability and boosting NPS by 12%.

Deliver 10+ corporate and 3 retail banking features with cohesive UX.

Gave talks in a design studio and a workshop on Social Psychology in UX.

GoodHood.SG • Product Designer

May 2023 - Jan 2024 • Singapore, Remote

Led a full UI revamp that elevated visual appeal and streamlined user journeys, increasing Daily Active Users from under 2,000 to over 3,400. Implemented data-driven personalization to enhance onboarding experiences. Launched gamification features and community events that attracted 2,500+ new users within two days.

Ready Set Fit • Product Designer & Full-stack Developer

June 2021 - May 2023 • Lewisburg, PA, USA

Redesigned and developed the ReadySetFit mobile app in native Java (Android) and SwiftUI (iOS), boosting App Store impressions by 77% and product page views by 175%. Built a responsive ReactJS website using Material UI and integrated Google Maps API for enhanced functionality.

Alobase Technology and Services JSC • UX Designer

April 2020 - May 2021 • Hanoi, Vietnam

Led the end-to-end design of two B2B SaaS products, achieving MVP launches within four months each. Manage media teams in company-hosted events that reached 3,000+ students, 23 corporations, and 154 investment funds, strengthening Alobase's brand presence.
